

Pattern of the Month - November 1999

Trailing Ivy Edging (2 shuttles)

© 1999 Lisa C. Trumble

This pattern came out during some work for another "Viewer Request" for a more elaborate ivy pattern. While not as sophisticated as the what was desired, it works well as a simple edging that can be attached while making it.

Begin the pattern at the small ring marked "A" and make the 12 ds, p, 1ds, cl. Then follow with the chain, larger ring, another small ring, chain, etc.
